Principal Message

It's an honour to pen down my thoughts as head of the institution Samrat Prithviraj Chauhan Government College, Ajmer. It is one of the oldest and biggest colleges of North India and has produced thousands of administrators, members of the legal fraternity, bankers, politicians, sportspersons, educators, businessmen and entrepreneurs. Also, for the third cycle, it has been accredited with 'A' grade by NAAC.

To carry forward the legacy, our institution, with its rich and diverse faculty hone the skills of the students to be successful in whichever field they wish to pursue. It grooms the students to achieve a wholesome personality.

SPCGCA, has an enviable library which is considered as the soul of this temple of education, along with well-equipped laboratories, sprawling lawns, sports grounds, gymnasium and an imposing auditorium.

The infrastructure for heuristic learning is flattering in this institute, with smart classes and recording room for e-lectures, Seminar Hall where a lot of brain storming takes place. A free wi-fi for all is an icing on the cake.

I conclude by exhorting students to take this journey of knowledge, learning, and building of a meaningful career in this institution with a lot of vigor, responsibility and in a disciplined manner to become an enlightened citizen of this great country of ours.

Principal

Vision

Samrat Prithviraj Chouhan Government College, Ajmer in adherence to its Moto 'Vidya Jyoti Param' and a firm belief in the dictum 'ṛte jñānānna mukti (ऋते ज्ञानान्न मुक्तिः) i.e., (There is no salvation /Mukti without Gyan /Wisdom)", toils to disseminate knowledge at affordable cost, in a student centric manner, for the holistic development of its beneficiaries.

The esteemed institute caters to the need of todays 'gender-equal society' by generating an environment conducive to instil an Ethics of Service, commitment, integrity and self-reliance, which is facilitated by its highly qualified and dedicated faculty, specializing in the wide array of interdisciplinary spheres of Humanities, Commerce, and Sciences.

Mission

The Mission of the institute may be encapsulated in three terms:

“Learning, Research and Service”

To elaborate the ‘philosophy’, Our Mission is

- To create a learning environment to help students make passionate connections to learning and bloom out to be competent, committed, creative and compassionate citizens of the nation.
- To provide equal learning opportunity to the pupils from all sectors of the society by creating a promising student centric teaching-learning environment
- To educate our scholars in a holistic manner to nurture and expand their potentials for academic, physical, and emotional growth.
- To encourage a transformative educational experience for students focused on deep disciplinary knowledge along with virtues like problem solving, leadership, communication, and interpersonal skills.
- To provide an environment conducive for generation of new knowledge through a broad array of scholarly, research and creative endeavours.
- To address the growing societal and economic challenges through a targeted use of knowledge acquired from rigorous research and academics.
- To create an ambience in which new ideas, and unharnessed talents flourish, and from which the researchers and innovators emerge.
- To provide opportunities for individuals to develop intellectually, personally, and professionally.

College at a Glance

Rabindranath Tagore has very aptly defined the goal of education by stating that “the highest education is that which does not merely give us information but makes our life in harmony with all existence”. Education is now seen as an instrument for fostering values that constitute the well-being of the individual on one hand and that of humanity on the other.

Samrat Prithviraj Chauhan Government College, Ajmer, which began its journey in 1836 as a school established by the directors of East India Company, today enjoys the status of an illustrious and highly distinguished institute in higher education in northern India.

Presently, celebrating 186 years of its existence in the Ocean of Knowledge, this Post-graduate College maintains the traditions, utility, quality and richness of bygone years. The college is one of the most reputed, renowned and leading institutions of India financially supported by UGC, FIST, RUSA, State and Central Government bodies.

The journey of Samrat Prithviraj Chauhan Government College, Ajmer, has witnessed many iconic moments. The institute has been selected as a model college by the Higher and Technical Education of Rajasthan. The college has been accredited by the National Assessment and Accreditation Council (NAAC) with Grade 'A' in the year 2016.

It caters to the needs of more than 8000 scholars, and is the only college in Rajasthan where 7 languages are taught - English, Hindi, Sanskrit, Urdu, Farsi, Sindhi and Rajasthani. Recently in 2021 Mahatma Gandhi Addhyan Kendra has also been set up at the college.

At present, out of twenty-two Departments, the institute offers Post-graduate Programs in 20 departments (12 in Humanities & Arts, 5 in Science and 3 in Commerce) and Honours in 7 subjects (Humanities & Arts: 4, Science: 2 and Commerce: 1).

BBA program for undergraduate degree level, is under self-financing scheme. Self Finance seats are available in 13 of the Post-graduation Programs too.

To transform the dreams and aspirations of the youth into reality the college is highly equipped with facilities that make it a national level institute. It has adequate infrastructure that caters to the needs of more than eight thousand students and strives unceasingly to achieve the highest goals of education.

The campus has a dedicated 30 Mbps leased line and Wi-Fi facility for ICT-enabled teaching-learning atmosphere. All departments are connected through LAN and the college administration's major thrust is on paperless communication to conserve the environment. The college provides research facilities in various departments and several advanced research laboratories with high precision instruments are available.

The Institute has a semi-automated, well-organized and well-equipped library, with reference books, text books, national and international research journals and periodicals. Presently more than 1.80 lakh books are available in the library.

Moving with the times, the college library has an active subscription of INFLIBNET- National Library and Information Services Infrastructure for Scholarly Content (N-LIST)". By using this facility faculty members and students can have free access of 6000+ e-journals and 199500+ ebooks.

The college has well-equipped Smart Classrooms, Lab and lecture theatres to impart quality education to the students, using contemporary teaching aids. It has facilities including grounds and equipment for various sports, auditorium, seminar rooms, parking lots, girls' common rooms, botanic garden, Digital Zoology Museum and sprawling lavish grounds.

Educational tours are conducted by various departments on a regular basis to enhance experiential learning for the students.

Hostel facilities are available for girl students, within the premises.

Education is basically the holistic development of an individual and to keep up the pace, the institute facilitates it through a series of extension, co-curricular and extra-curricular activities. NSS and NCC programs in the institution caters to the comprehensive development of its scholars and serves as an active link between the institution and the society.

The college also boasts of its heritage lineage, visionary academicians and able administrators who have carved the college into the present illustrious institution of Rajasthan.

Sports Activities

The institute caters to the holistic development of its students. A healthy mind dwells in a healthy body. Furthermore, the life lessons a student learns via sports go far beyond the physical benefits. These benefits are reflected not only in their academic success but also in later life, as responsible citizens of our Nation. That's because sport helps children develop character and to learn important social and brain skills such as problem-solving, resilience, perseverance, confidence and teamwork.

The basic sports infrastructure facilities available in the college campus includes the vast multipurpose Rajeev Gandhi Sports Stadium and the Khel-parisar II which are available for games like cricket, Football, Hockey, Athletics, Kabaddi, Kho-Kho...etc.; Basketball Courts, Lawn tennis court, Badminton court and Volleyball court; the Gymnasium which is equipped with weight and cardio training equipment and also an Open Gymnasium, available for the community at large.

College Library

In institutes of higher education, libraries are the incubation centres of human potentialities. They store the energy that fuels the imagination and paves the way for improving our quality of life. Libraries play a fundamental role in enhancing the learning experience, providing students with all the materials and services they need to improve their knowledge.

Our college library is a quite comfortable place which permits the scholars to concentrate and inculcate an in-depth understanding of the content.

The double storied library building of the college occupies more than 700 sq.mtr. area with facilities like

- reading rooms,
- reference rooms,
- stack rooms and
- administrative section.

The treasure available in the magnificent library building of the institute includes

- text-books of various subjects ,
- reference books and journals,
- national and local newspaper and
- other published material including magazines.

Presently more than 1.80 lakh books are available in the library. The college library is enriched with rare collection of

- encyclopedias,
- biographies of eminent personalities,
- historical printed books.
- manuscripts

It provides physical as well as digital access to study material

Free Wi-Fi facility in the college campus is also available to download e-book and e-journals.

For participation in Resource sharing networks / consortia INFLIBNET connection is available in the library.

Girls Common Room

The spacious, well-ventilated, girls' common room of the renowned institution imparting knowledge to both the genders of the society, is situated in the main administrative block. It was recently (completion of work in July 2021) renovated, revamped and refurbished with an aim of upgrading the facilities for the female scholars of the institute.

The light-emitting diode (LED) which is one of today's most energy-efficient and rapidly-developing lighting technologies, has been made use of to illuminate this magnificent space. It now houses not only the washroom and drinking water facilities but also a changing room which may be used during cultural events and various NCC, NSS extension activities. It has also been furnished with another modern hygienic amenity: a sanitary pad disposal machine, along with the already available sanitary pad vending machine.

The face-lifting of this essential facility of an higher education institute, was a joint venture of college administration, fuelled by the active participation and exemplary vision of the Principal, Dr Pratibha Yadav and the CDC.

Providing a thematic perspective to this niche for the fairer sex of the co- education institution, proved to be the icing of the cake. The black and white pictures of the "Phenomenal female personalities of our Nation" who proved their worth in various walks of life, that adorns the walls of the common room, not only reminds our girls, of the glorious achievement of these ladies but also motivates them to give their best in all their future endeavors.

The notice board in the girls' common room displays various circulars and notices that are concerned specifically with the female scholars of the institute and also the contact numbers of grievance redressal cell members
